<https://univ-eiffel.zoom.us/j/89130509992>  
ID : 891 3050 9992  
Code : Numcap-1

**November 15th 2021 - 12.30 - 13. 30**  
Room A 421 Bienvenue Building  
<https://univ-eiffel.zoom.us/j/86108811437>  
ID de réunion : 861 0881 1437  
Code : Numcap-2

**NUMCAP is an international applied research workshop open to Master 2 students interested in**

- digital mobilisation of communities for the access to healthier, safer and fairer cities
- development of tourism, outdoor leisure and sport activities for everyone
- digital participative survey tools serving reflexive and engaged urban projects
- platform governance and citizen control over surveillance instruments

NUMCAP is coordinated by 3 research groups of LABEX (Villes et Numérique, Ville Tourisme Transport, Villes et métiers)

**7 half-day/full-day sessions from February to June 2022 to :**

- Understand the theoretical issues of the platformisation of urban policies
- Build critical approaches to the use of digital technologies by city-dwellers
- Explore digital services for the environment, security, equality, culture and leisure
- Meet actors involved in the issue of freedom and cybersecurity
- Analyse controversies on digital urban citizenship (Paris - Sao Paulo - Moscow - Rabat)
- Acquire mixed quantitative and qualitative methods
- Test beta version of applications
- Participate in a field operation combining a field in the centre of Paris and a field in the suburbs
- Extracting data through geolocation, enriching them through situated observations and surveys
- Participate in the collective writing of a research article with the support of UGE PhD students
- Present with colleagues results at an international urban planning conference!
